PROFILE

A motivated and detail-oriented Computer System Engineering student with practical experience in Python, C++, data analysis, and application development. Demonstrated ability to design, develop, and optimize technical solutions through analytical problem-solving and hands-on implementation. Proficient in MySQL, Microsoft Excel, and emerging AI technologies, with a strong commitment to continuous learning and delivering high-quality results in fast-paced environments.

Experience

I completed a two-month internship at the Punjab Information Technology Board (PITB) as a Flutter App Development Intern, contributing to cross-platform mobile application development using Flutter. Worked on both frontend and backend implementation, with a focus on responsive UI design, application logic integration, and performance optimization within a professional IT environment.

PROJECTS

Advanced Greenhouse Controller System

Designed an Automated Greenhouse Controller System using the AT89C51 microcontroller to monitor temperature and humidity. Integrated an LCD display for real time data visualization and LED indicators for optimal, cold, or dry conditions. Demonstrated expertise in embedded systems, sensor interfacing, and hardware software integration for efficient greenhouse management.

ML-Powered Stock Prediction and Financial News Analysis

Developed a machine learning-based stock prediction system by combining historical price data, technical indicators (moving averages, RSI), and sentiment analysis of Yahoo Finance news using VADER. Trained a RandomForestRegressor model on features including price, volume, and sentiment scores, achieving accurate forecasting of closing prices with an error margin of approximately $\pm 2\%$

EDUCATION

2022 - Present	BSc Computer System Engineering, Islamia University of Bahawalpur	Bahawalpur
2019 - 2021	FSC Pre-Engineering, Punjab Group of Colleges	Bahawalpur
2017 - 2019	Matric, Stars High School	Bahawalpur

SKILLS

Python	Experienced	MySQL	Skillful
C++	Skillful	Artificial Intelligence	Skillful
Data analysis	Experienced	Microsoft Office Suite	Experienced

EXTRA-CURRICULAR ACTIVITIES

Joint Secretary-I, Innovation and Commercialization Society

Joint Secretary, Engineering Student Society

General Secretary, Departmental Club of CSE
